MEMORANDUM FOR: Chief, Regulations Control Staff

SUBJECT : Regulation No. [REDACTED] "Clearance of Personnel for
Duty With CIA" [REDACTED]

25X1A

1. You will recall that [REDACTED] your Deputy, referred the printer's copy of the subject Regulation to this office last week, pointing out that the final paragraph, section 5.b.(2) "Applicants for Positions Other than Consultants," was inconsistent with the policies enunciated in section 2 of Regulation [REDACTED] "Separations - Employment Review Board," which was prepared for publication subsequent to the final drafting of Regulation No. [REDACTED]

2. This matter was brought to the attention of Colonel White, who requested that steps be taken to make the cited section of Regulation No. [REDACTED] consistent with the provisions of Regulation No. [REDACTED]. It is his feeling that this consistency can be obtained largely through a change of tense within the paragraph affected. The modified text would read as follows (such changes as have been made are underlined): "If an operating official desires to appeal a security disapproval of an applicant (other than a consultant) he will immediately notify the Assistant Director for Personnel. After appropriate consultation with the Director of Security the operating official may submit to the Assistant Director for Personnel, through the chief of his component, a request for a hearing of the case by an Employment Review Board. The Assistant Director for Personnel will refer the case to the Deputy Director of Central Intelligence, who may appoint such a Board if he feels that the circumstances warrant it. The Board's structure will be utilized and the proceedings modified at the Board's discretion to fit this particular type of case. For the purpose of this Regulation, unfavorable action by the Board will be final."

3. Colonel White does not wish for this change to go through a formal coordination process prior to publication, since the substance of the subject Regulation is not otherwise altered.

4. The printer's copy of the subject Regulation is returned herewith.
